What the East Wants.

Tarboro Southerner.

1. We want no gas.
2. We want an honest adjustment of the debt.
3. We want a general obligatory fence law.
4. We want a dog law.

If-----.

Goldsboro Mail.

If the caucus shall be guarded in its action, act justly to all whose names may come before it, its action will be sustained.

Appointment of Magistrates.

Davidson County Record.

The appointment of magistrates by the Legislature, now in session, is of great importance to the people and should be looked after by them. The last Legislature made some mistakes in this matter and caused a good deal o complaint.

Exactly So.

Charlotte Observer.

Whenever any newspaper editor has the honesty and boldness to warn the public against the hypocrisy of the man, or against the extravagance of State or City Governments, he is sure to be abused by those who fattens on the spoils of office, and who want to live off the money paid by tax-payers.

What the "News" has Done.

Tarboro Southerner.

That live daily, the Raleigh News, has raised the cry of retrenchment, and proposes a reduction of salaries to save the people from grinding taxation. And it commendably proposes to make a eduction of one-half, should the Legislature accord it the public printing, in consonance with its views. There has been no fault, we believe, with its former work.

Public Printing.

Tarboro Southerner.

The Raleigh News is a candidate for the State printing. It has issued a circular addressed to the Legislature offering to do the work for half the old rates. The News is one of the best dailies in the State. Has always stood up for, and advocated the success of the Democratic party, with a determination and force that should not be overlooked by the party.

"The Boys" in the Legislature.

Tom Evan's Paper.

The Legislature will no doubt elect Vance United States Senator. There is the exuberance of boys on the plays ground in the assembling of Legislatures. They are more inclined to throw their hats than to scratch the inside of their heads. Two-thirds of them go to Raleigh inspired with Vance and a single joke of his cracked at a single member may throw the whole body into a laughing delirium.

"No Fence."

Elizabeth City Economist.

In the county of Mecklenburg, N. C., it has been adopted, and is now preferred by all classes. Its advantages are very great. It does away, at once, with a vast amount of hard and unproductive labor. It adds to the area of cultivated land. It saves timber. It saves ditching. It improves the quality of stock. It saves time in hunting up vagrant stock running at large in the range. It cuts up a fruitful source of litigation and neighborhood strife. It keeps up the symmetry and appearance of farms. It promotes the growth of valuable timber. It promotes good fellowship. It puts an end to neighborhood slip-gaps. Fence up the stock and turn out the fields.

Rowan Solid for Vance.

Salisbury Watchman.

We have heard it reported on the streets that both our representatives in the lower branch of the General Assembly, Messrs. Barringer and Bost, would oppose the election of Gov. Vance to the United States Senate. We think this cannot be true, and therefore we denounce it as a mistake. Mr. Barringer cannot vote against Gov. Vance in the caucus without misrepresenting a large majority of his Democratic constituents who prefer him to all other men in the State. The report must be untrue as to Mr. Bost for the reason that he told many of his constituents that he was a Vance man.

Who will get the Public Printing?

Salisbury Watchman.

We have asked several gentlemen this question, and the invarible answer has been—"The Observer." Will the Observer take the job at the rates proposed by the News?—has been our next question. "No," was the answer. If the News comes forward with an ample bond for the faithful performance of the work, what then? The people are demanding retrenchment in public expenses. Salaries are to be cut down and in every way possible expenses reduced.

Nat Atkinson's Rigid Face.

Salisbury Watchman.

We had a call from Nat. Atkinson Saturday, on his way to the General Assembly. He has got his face set towards a rigid retrenchment of public expenses. His constituents demand it. Aye, and the people of all parts of the State make the same demand. With cotton, corn, tobacco and all other farm products going at nothing, and taxes as high as ever, it is no time to reward partisans, and those who think of it will find few members of the Legislature prepared to do so.

Stalwart Party Men.

Tarboro Southerner.

Our town was distinguished on Monday last by the arrival of the following Senators and Representatives in transit to the Capital; Lieut. Gov. Jarvis, of Pitt; Senators J T Respass, of Beaufort and J T Waldo, of Martin. Representatives Henry D Roberson, of Martin, S F Osborne, of Beaufort, Germain Bernard and D G Moore, of Pitt. We are glad to say these gentleman are emphatic in their determination to support Gov Z B Vance for U S Senator—first, last, and all the time.

The Cause of Distress.

Tarboro Southerner.

What is the cause of our distress and the general cry of hard times?

Heavy taxation.

Before the war 18 cents was high for State and county taxes combined. Now we pay 66 2-3 to 1.20, i. e., from four to seven times as much. Then we paid $150,000 State taxes, now $500,000 State and $750,000 county taxes, an increase of $700,000 to $800,000 per annum, with less ability to pay.

Besides the U. S. tariffs and Internal Revenue costs us $10,000,000 additional to pay for being shot at for four years.

Is it any wonder there is distress with this burden on us, with cotton 8 cents per pound?

Let us retrench!

Public Printing.

Wadesboro Herald.

In a few days the General Assembly will elect a State Printer for the ensuing two years. The last Assembly awarded it to the Raleigh News, and gave that paper eighty cents per thousand. The News knowing the hard times and scarcity of money, only claimed seventy-five cents—though the contract was for eighty cents. In a circular received a few days since, the News now proposes to do the printing for forty cents per thousand; and we see no reason why the contract should not be given to that paper, unless other responsible parties will take it for less money. It stands our Representatives in hand to get the public work done at the lowest figures. Times are hard, money is ssarce, and the public eye is now turned towards the acts of her servants.

Why Vance Should be Elected.

Wadesboro Herald.

Why should Vance be elected United States Senator? Because the majority of the Democratic voters of North Carolina demand it. Because it is due to him by the party, as no other man could have brought the Old North State from under Radical rule. Because he has been an open, fearless worker, a true organizer, and a thorough Democrat. If he is not elected, our leaders had just as well lay the party by upon the shelf, for the people will not be governed by men who cry out to them support the true man, or we'll place you with the Radicals—when they do not support the true man, Z. B. Vance.

Watchword of the People.

Goldsboro Mail.

Our Legislature should dispense with every possible expense, every public expenditure should be reduced to the lowest possible rates, our Asylums should be run on less out-lay to the State, our State Prison expenses can and should be reduced, when meat can be bought at less than half the price paid for it two years ago, and all classes of merchandise have been reduced in price from fifty to three hundred per cent. We can see no good reason why the pay of the employees of these State Institutions should not be reduced in proportion to the shrinkage of values generally. The administration of the State government should be put upon the most economical footing impossible every department. The necessity of one people demand it.

Public Expenditures.

Charlotte Democrat.

From a business letter to us from a prominent Democrat in this State, we make this extract:

"Allow me to express my gratification at the stand your influential paper has taken in favor of the tax-payers. The tendency now, even in our own party, is to run the Governments—State, County, City and National—in the interest of tax-spenders, and as mines of inexhaustible wealth to be worked for their benefit."

We have done our duty in demanding economy in spending tax-payers' money, and for so doing we have received very little thanks and a great deal of abuse—but we know we have done right. The offices of all sorts in in this State (especially the political one) have generally been held by men who pay little or no tax. It is about time for tax-payers to take hold of some of the offices.

The Governor's Message.

The omission in this able and exhaustive State paper to discuss the great and absorbing question of economic reform now agitating the public mind and giving our law makers deep and anxious concern, is supplied by the data furnished by a NEWS correspondent this morning.

The attention of the Reform Legislature is respectfully invited to the important correspondence, to be found on the first page of the NEWS. This discousession opens a field in which the best qualities of the Legislator will find room enough to satisfy the highest demands of the most honorable ambition. The Democratic party has a large majority in both branches of the General Assembly and a strict account will be expected of its stewardship. The white light which beats upon a throne will flash a searching ray upon every act done, every word uttered by that majority.

The Democratic party is the party of law, taxes and cheap government. The Republican party is the party of extravagance and high taxes.

Democrats of the Legislature, the PEOPLE have committed the issue to your hands. Take the case.

Defects in Our Public School System.

Elizabeth City Economist.

In the first place, our school terms are too short. The Legislature should pass an act compelling the carrying on of the public schools, for at least six months in each year; appropriate means necessary for that purpose; and then granting to the citizens of each district the optional right to levy upon themselves, by a majority vote, an additional tax for carrying on the schools for a longer period. The same should also embody a clause compelling parents and guardins to send their children and wards to said schools.

2nd. The diversity of text books used in our schools, at present operates as a great barrier to the progress of pupils, as well as trouble and labor to teachers; therefore, said schools should be graded.

3rd. Another great hindrance to the progress of our system is too great a competition between real teachers and those who teach for an excuse; the latter class pushing themselves into positions, upon very low wages, causing themselves to be preferred, on that account alone, and thereby either crowding out teachers or causing them from necessity to accept similar compensation or remain idle.

The great point is this: if we wish to make our public school system a success, we must command that element necessary to ensure it.

Vance's "Peace Offering."

Raleigh correspondence Charlotte Observer.

The election of Morimon as Speaker, who was a Merrimon Democrat and bolter of 1872, is not regarded as of any significance toward the senatorial election. If it have any effect it strengthens the Vance party, for this is a peace offering from the Vance to the Merrimon element and will have its effect in the senatorial caucus next week.

Merrimon's Law Partner.

Washington Letter in Tarboro Southerner.

A while since conservative thinking Democrats were considering the advisability of centering on a third candidate for the Senatorship to succeed Judge [illegible] spread controversy between the friends of Governor Vance and Judge Merrimon. A compromise candidate was considered essential to heal the threatening breech in the Democratic party, occasioned by the ceaseless agitation of this question. It is unnecessary to recapitulate the circumstances under which Mr. Merrimon's friends secured his election by a combination with the Radicals, and the defeat of Gov. Vance who was, and is, now, undoubtedly the choice of a majority of the Democrats of North Carolina. The reading public are familliar with these circumstances. Time had toned down and softened the bitterness of the people's feelings, though it was brought about when political rancor raged to an extent it has never since attained in this State. The brutal grasp of a tyrant had but a short time before been loosened from the fair throat of North Carolina. Time has even softened this, and the people were prepared to put behind them the fact that Mr. Merrimon could not have gone to the United States Senate had his election not been secured by a coalition with a set of Radical politicians, who, but a short time before, attempted to throttle the liberties of the people of North Carolina. They will put the seal of condemnation upon Mr. Merrimon and relegate him to private life for his efforts, by clandestine means, in the way of slanderous circulars against Gov. Vance, sent throughout the State to members of the Legislature elect, in order to create a sentiment in his favor. It is asserted that a law partner of Mr. Merrimon is chairman of the Democratic Executive Committee is using its mask to advance the ends of Mr. Merrimon. The breast of every honest North Carolinian swells with indignation at such unscrupulous means.

O, that estates, degrees and offices
Were not derived corruptly;
And that dear honor
Were purchased by the merit of the wearer!

The sentiment of the Democrats of Beaufort county is in favor of Gov. Vance. His claims are considered infinitely greater than those of Mr. Merrimon. They do not recognize the fact of his occupying the seat any claims to a re-election.

We often hear people say, there is only one good cough medicine and that is Dr. Bull's Cough Syrup. It is cheap too, only 25 cents per bottle.

Congress.

By Telegraph.

WASHINGTON, D. C., Jan. 10.

SENATE.—Conkling and Kernan, of New York, presented a resolution from the New York State Senate, remonstrating against the passage of the bill to re-organize the army, or at least that portion of it prohibiting the manufacture of arms at the United States arsenals. Laid on the table, the bill having been reported to the Senate.

The hearing of the sugar representatives was resumed before the Committee on Ways and Means this morning. Havemeyer, of N. Y., argued that the duty on sugar should be collected on ad valorem principle, and that no discrimination should be made against any class of citizens. Legislation should encourage labor and capital to afford people sugar at the lowest price. The consumer would be best protected by the tariff which approximates to free trade, and leaves undisturbed the relative value of sugar as when purchased at places of production. He opposed one rate duty, as it would annihilate the refining interests and allegations of fraud against the refiners, circulated by those in favor of one rate duty have been disproved.

Wm. T. Booth, of New York, commenced his remarks by declaring his belief that the sugar refiner should be protected. He then spoke of the polariscope, saying its value depends on the accuracy of the reports of samplers, and that sugars are not sold, owing to the results of polariscope, but on the basis of the color.

The condition of Representative Schleicher has changed slightly for worse during the night, and he is exceedingly low this morning. His physicians can offer but slight hope of recovery.

Mr. Anthony submitted a resolution directing the Committee on Naval Affairs to inqure into the expediency of providing by law that selection of chiefs of bureaus, steam engineering, provisions, clothing, medicine and surgery at the Navy Department be made from officers not below the rank of captain. Agreed to.

The Potter Committee to-day adopted the resolution offered by McMahon, providing for the investigation of the cipher telegrams, and embodying a request that the House grant an additional appropriation to defray the expenses.

The Senate passed the Indian appropriation bill.

The House was in Committee of the whole on private Calendar.

There was an animated debate on the William and Mary College bill, which was finally rejected.

There was a meeting of the Senate Committee on territories this morning. The recommendations of the sub-committee, who have been investigating the question of the advisibility of providing a territorial form of Government for Indian territory or otherwise opening it to general settlement, were laid before the committee, but it was decided that before taking any action on the subject a hearing shall be given by the full committee next week, to the representatives of the various Indian nations affected.

OUR NORTHERN FRIENDS.

An Excursion to Raleigh and other Points Suggested.

Correspondence of the News.

ASHEVILLE, N. C., Jan. 8th.

Asheville is to be represented at the Northern Convention to be held at Charlotte on the 15th. I suggest to the railroads that it would be the means of inducing immigration to invite the members of that body to take trips over the various roads, and to visit Raleigh and other localities. These people are only an advance corps of a body of people, whose representation of the resources of the Southern States would induce a large influx of the people.

The oath of office was administered by the Speaker to the Clerks and Doorkeepers.

Mr. Richardson, of Columbus, asked a suspension of the rules, to take up H. B. 1, in relation to the privilege tax on merchants. The bill amends sec. 12, chap. 156, laws 1876-'77, by striking out the words "$5 and." Mr. Jones, of Caldwell moved that it be referred to the Finance Committee. Mr. Richardson opposed this and advocated its speedy passage. A very animated and lengthy discussion ensued, in which many members participated. Mr. Bernard and Mr. York opposed the reference to the committee, on the ground of the law being a hardship to small was taken by Mr. Lewis, of Nash, Mr. Norment, Mr. Blocker, who said the present law was unjust. Mr. Turner said the law was unjust, but thought the bill should be referred.

Mr. Carroll advocated quick action, while Mr. Coffield in a poetic view took the same side. Mr. Cobb favored reference. Mr. Atkinson said he was opposed to the repeal of the law, as about $20,000 was by its means, and desired reference. He desired the tax to be in proportion to the amount of business done.

Mr. Norment said that the tax was an equal hardship upon the merchant and the farmer, since what one felt the other also did. He stated that the tax and the infamous lien laws, with their charges of 200 per cent interest, had broken up farmers, and that it was odious. Mr. Brown, of Mecklenburg, said that small merchants paid three taxes a year, and large ones four, and that all were oppressed. After some further discussion Mr. Jones withdrew his motion to refer the bill.

Mr. Atkinson then opened an amendment that the law in relation to the special tax on merchants be so amended that the tax be proportionate to the amount of business done. He said that the tax was not burdensome, and that merchants in his county were willing to pay a proportionate tax. Several members opposed the amendment. Upon motion of Mr. Ellison, the ayes and nays were called upon the amendment, when the amendment was lost.

Mr. Carter, of Buncombe, offered an amendment that the special tax shall not apply to merchants doing business upon a capital of less than $1000. Being put to a vote it was lost. Mr. Rich then called the previous question. The ayes and nays were then demanded upon the bill, by Mr. Ellison, and it passed its second reading by the following vote:

AYES—Messrs. Amis, Anderson, Angier, Audrey, Barringer, Bateman, Battle, Bernard, Berry, Bingham, Bizzell, Blaisdell, Blocker, Bost, Brown of Mecklenburg, Bruce, Buchan, Burroughs, Cale, Carter, of Warren, Carroll, Carson, Cary, Chadwick, Christmas, Clarke, Click, Cobb, Conrad, Colwell, Cooke, Council, Covington, Davis, of Catawba, Davis, of Madison, Deans, Dimsdale, Dixon, Dunn, Ellis, Ellison, English, Etheridge, Ewing, Ferrell, Foard, Forbes, Foster, Foy, Gatling, Grant, Harrison, Henderson, Hewett, Hines, Holt, Horton, Huffstetler, Johnson, Lamb, Leach, Leatherwood, Lewis, Lockhart, Lowrie, Lutterloh, Meares, Mebane, Melson, Miller, Moore, Mc'ork'e, McLean, Newell, Norment, Oliver, Orchard, Osborne, Powers, Reid, of Macon, Reid, of McDowell, Reynolds, Richardson, of Columbus, Ritchey, Roberson, Scott, Smith, Taylor, Turner, Vaughan, Venable, Waddell, Wheeler, White, Wimberly, Woodhouse, Wynne, York, Young—98.

NAYS.—Messrs. Atkinson, Bird, Blacklock, Bryson, Carter, of Buncombe, Carter, of Yancey, Davis, of Haywood, Goldston, Jones, Paxton, Rawley—11.

The bill then passed its third reading and was ordered to be engrossed and sent to the Senate.

On motion of Mr. Cook, S. B. 10 was taken up, under a suspension of the rules, and passed its second and third readings.

A resolution was introduced by Mr. Turner, asking that a committee of 3 be appointed to confer with the Attorney General in relation to charges against the late Judge R. M. Henry, in relation to his conduct in the matter of the compromise with Swepson in the trial of the case in Haywood county. Mr. Turner moved that the rules be suspended and the bill be put upon its passage. Mr. Norment said the matter was now before the courts and should not be troubled by the Legislature. He said there had been no injury done the State in the matter, and he did not wish to stigmatize an individual. Mr. Turner spoke of the propriety of the measure. He said that for 10 years robbery of the State had gone on, and no one was punished. He wished to know if the plea in Wake court was a bar to action.

The motion for suspension of the rules was adopted. A general discussion followed. Mr. Vaughan moved that the preamble be stricken out. Mr. Turner objected, as it was a matter of judicial history. Mr. Clarke favored a reference to the committee and that the preamble stand. He said if Swepson and Littlefield could be put in the penitentiary he would aid in the good work. Mr. Norment said the General Assembly was not a grand jury; the matter should be left in the courts. Mr. Lockhart said the Legislature should not deal with matters in the courts. Mr. Blocker did not wish to implicate the State as to the payment of the bonds. Mr. Jones said the matters was so important as to be considered in the Governor's message.

A vote upon the motion to strike out the preamble was had and it prevailed. The resolution was then adopted, the Speaker appointing Messrs. Turner, Lockhart and Foard as the committee.

A message was received from the Senate, asking for the appointment of a joint committee of 8, to appoint rules for the government of both Houses. The rules were suspended and the bill passed its final reading. The following were then appointed as the House branch of the committee: Messrs. Cobb, Cavis, of Catawba, Audrey, Norment and Blaisdell.

The rules were suspended and S. B. 11 was taken up and passed to its final reading. The bill repeals chapters 50 and 100, laws 1873-'74.

Let us Return to the Old Landmarks—An Appeal to the Legislature.

Correspondence of the News.

The Radicals got us into extravagant ways in 1860 and it has been so comfortable to officials that those habits have been kept up. In the ten years between 1868 and 1878 an impoverished people have paid over *four millions* dollars more of State Taxes than in the ten years between 1844 and 1854. The Auditor's Report will prove this fact. The period between 1844 and 1854 is selected because then as between 1868 1878 little or no interest was paid on the Public Debt. The increase in county and city taxes in the same time has been over six millions more. This makes a grand total of *ten millions* of dollars increase of taxation in the last ten years over what it ought and should have been. Just think of it, One Million dollars of unnecessary taxes each year wrung out of our people. Is it any wonder that people complain of hard times.

In 1868 to relieve the Radical party. They inaugurated it. Our party have temporized and made bigging and petty retrenchments. The hour has come when the people and the press demand a sweeping reformation.

In 1878 to support our State Government $538,000 were wrung out of our poverty crushed people for State taxes. How much better governed were we than in 1852 when we paid $175,000?

As a sample of how we have progressed in extravagance; in 1860 we were at the heigth of prosperity. The State officials in the capitol had no clerk paid by the people except one who was allowed the Treasurer and a Private Secretary to the Governor at $300 per annum. Now there are no less than seven allowed besides a private Secretary at $750. The Radicals introduced the system of paying officials high salaries, and then paying clerks to do the work for them. This is comfortable and convenient for the officials but not for the taxpayers. It is not Democratic doctrine.

Why, why indeed have more clerks or pay higher salaries and taxes more than in 1860.

Can any one answer.

Another word, the members of the Legislature are where they can be seen and appealed to by those who prefer the comforts of the present situation. If they forget the suffering and poverty at home, let them remember that they and our party will have to answer for it in 1880. Let the friends of retrenchment call the ayes and noes on every bill for reform.

This Legislature can and ought to reduce the State taxes $350,000. A quarter of a million dollars more can be saved in county taxes, making a half million dollars per annum left in pockets where it belongs and is needed.

TAX PAYER.

"OUR NOBLE VANCE."

What the News is Doing for the Party.

Correspondence of the News.

LEXINGTON, N. C., Jan. 8, 1879.

I am truly glad to see that you are doing such noble service for the success of the Democratic party, and trust that your efforts will be abundantly rewarded. We must adhere to strict party discipline and organization if we would succeed in holding the honor we now have in the State and in the country. Our success as a party depends upon this, and we should frown down every tendency to disorganization whenever and wherever found.

It was for want of proper party fealty that our noble Vance was defeated as United States Senator by the Legislature in 1872, and I am glad to know that that act was signally rebuked by the people in 1876, when they elected him to the highest office in the State by an overwhelming majority. Vance had done too much faithful service to his country and his party to deserve such treatment and the people knew it. He ought long since to have filled a seat in the United States Senate, and I think the present Legislature will take pleasure in conferring that honor upon him, and thereby carry out what is believed to be the best interests of the Democratic party, and the wishes of a vast majority of the voters in the State.

DAILY NEWS

ORGAN OF THE DEMOCRATIC PARTY

The News Building, No. 6. Martin Street

SATURDAY, ... JANUARY, 11, 1879.

The Public Debt.

The Governor's message is in full accord with public sentiment in the State on the question of the State debt:

The public debt it will be seen by the Treasurer's report amount to $16,960,045.00—principal and $10,160,182,25 interest. This is known as the recognised debt, as centradistinguished from the special tax bonds. What shall be done with it is a question that deserves your best consideration. It is out of the question for us to attempt to pay it at its face value. Indeed I do not conceive that there is any moral obligation upon us to do so; nor do our creditors expect it of us. Quite one-half of our property upon which our bonds were based was wantonly destroyed by consent of a large majority of those who held them, and no court of conscience upon the earth would permit a creditor to destroy one-half of his security and claim full payment out of the remainder. But we *can* and *should* pay something. I have grounds to believe that very reasonable terms indeed can be obtained, if we evince a determination to settle the question and be done with it. I refer exclusively to what is known as the "Recognized" debt. So far as the special tax bonds are concerned my opinion as expressed to your predecessors remains unchanged, that they are not binding either in law, or good morals unless it may be as to a very small fraction honestly appropriated to the States use and accepted by her.

SOME STARTLING FIGURES.

Nuts for the Reform Legislature to Crack.

Correspondence of the News.

It is clear that the State ought to pay salaries sufficient to command the best talent. Justice to a heavily burdened people, prostrated by the losses of war and the pillaging of carpet baggers, demands that no more than that amount should be paid. We have gotten down to a gold basis. Prices of produce and everything else are even below what they were in the days of the old Revised Code. With the salaries paid then we obtained excellent officials. It follows that the same salaries will procure good officials now. It may be doubted then if the Legislature can do better than to re-enact the salaries and fees established by the Revised Code. It would be the easiest mode of proceeding and would avoid many debates. A comparison of figures, taken from the Auditor's Reports of the expenses of the State Government befere the war makes the following startling exhibit:

	1849	1852	1860	1878
Ex. Dep't.	$2.348	$2.198	2.550	5 3 4
Sec. of State	$800	800	1.000	5 460
Auditor.	1.000	1.000	75	3.796
Att'y Gen'l	200	200	200	3.200
Judiciary.	30.748	28.039	31.293	52.051
Total.	37.096	34.237	38.180	75.315

This shows that it takes double as much to run the State Capitol and the Judiciary in our poverty as in 1860 when we were rich. A word or two of explanation is proper. The Attorney General formerly got $200 and fees and the Reporter got six hundred dollars and the profits of the sale of his Reports. Now the two offices of Reporter and Attorney General are combined and cost the tax-payers as above stated an increase of about $2.400. Again the Secretary of State's Department is reported as being paid $5.460. In addition to this he is allowed fees, &c., which it is believed (including the $25 for examination of each Insurance Company's Report) will swell the receipts of that Department probably to about $9,000. Add to this an annual increase of about $6,000 on the Public Printing more than the price it can be done for and it will be seen that the five offices in the State Capitol and the Public Printing cost the tax-payers about $25,870 more than in 1860. The Auditor's Report shows that the 5 Departments of the State Capitol i.e. Executive Department, Treasury, Secretary of State, Auditor and Attorney General were paid $5.887 in 1860 as against $23.264 in 1878 and to the latter amount must still be added the fees of the Secretary of State, being a total increase of nearly $21.000, being 500 per cent.

It may not be uninstructive to glance at the amount and rate of State taxation. In doing this it is of course fair to compare the years before the State commenced paying much interest on the public debt with the present year, when (from a different cause) we are not paying interest.

	Am't of State taxes,	Tax on $100.	Tax on Poll.
1848	$93,748.50	6 cents.	20 cents.
1849	112,713.00	6 "	20 "
1852	178,166.39	6 "	20 "
1877	533,635.55	38 "	1.14 cents.
1878	533,322.00	38 "	1.14 "

In 1867 just before the radicals took charge the rate of taxation was 10 cents on the $100.

These facts and figures are taken from the Auditor's Reports and are submitted in the hope that the Legislature may see in them some grounds for the complaints of high taxation. The only salaries which do not appear to have been at all increased are those of the Supreme Court and the State Geologist.

The record is now before the public. For what action the Legislature takes the Democratic party will be endorsed or condemned in 1880. There are other branches of the Government requiring looking into but enough is shown to show that a saving of $200,000 per annum at least can and ought to be made.

Hard Work and Short Speeches.

Tarboro Southerner.

We call upon the legislature to commence the work of reform and retrenchment at once. We are opposed to long windy speeches, occupying the time which should be used in legislating for the relief of a suffering people. Bro. Creecy, of the Elizabeth City Economist, puts it in a nut shell and strikes the key note when he says: "The matters that claim its attention are the Public Schools, the Public Debt, No-Fence Law, Retrenchment in Salaries and Public Expenditure. Hard work in Committees, and short speeches in the House.

IMMIGRATION has added ten millions to our population. The yearly increase has been about four hundred thousand dollars. The emigrant is valued at eighty dollars cash capital. What can the Legislature do to attract immigration to North Carolina? Nothing without a liberal use of money.

LAWYERS will devour the land and its inhabitants, was the cry of the average demagogue last summer. It now turns out that in the Delaware Legislature there is not one lawyer.

Vegetine

Will Cure Rheumatism.

COLUMBUS, O., Feb. 14 1877.

H. R. STEVENS:—

Dear Sir,—I wish to inform you what Vegetine has done for family. Eighteen months ago my daughter had a severe attack of rheumatism, and a friend who had used the vegetine advised her to try it, and she did so with perfect success, for after using a few bottles of it she became entirely cured. I am myself, at the present time, using the Vegetine for Rheumatism with good success. My other daughter has also used the Vegetine for catarrh and nervious debility and has been greatly benefitted by its use. I have also recommended it to many others with good success; and I honestly believe that the Vegetine is the best medicine for the above named diseases that there is, and I always wish to keep it in my house as a family medicine.

VEGETINE.

Will Cure Rheumatism.

URBANA O., Feb. 19. 1877.

MR. H. R. STEVENS, Boston, Mass.—

Dear Sir—I feel greatly indebted to your excellent medicine, VEGETINE, for what it has done for me. I have been subjected to Rheumatism all my life. Was attacked with it three years ago, and suffering terrible pains in my chest, back, and limbs for six or eight months, at which time I commenced using VEGETINE on the advice of a friend, who had been entirely cured by it. I had scarcely used a half bottle until the pain had left me, and my general health began to improve rapidly under influence of this great blood purifier. I had also suffered dreadfully from a Nasal Catarrh for seven or eight years. After taking the first bottle of VEGETINE I noticed a great change for the better. The constant pains and heaviness that I had over my eyes for years disappeared, and the discharge of mucus from the head ceased. My appetite got better, and strength seemed to come with every dose of medicine. Too much cannot be said in its favor; and I always take pleasure in recommending it to my friends who may be suffering from any disease of the blood for I feel satisfied if they try it they are sure of a cure.

Respectfully,
J. H. RHODES,
Urbana, O.

Vegetine

A Family Medicine.

CINCINNATI, O., April 11, 1877.

Dear Sir,—I have been troubled and suffered a great deal from catarrh. I have tried many remedies: they did not cure me, and benefited me but very little; and, dear sir, by using your medicine called the Vegetine I have been cured. My niece was cured entirely of Rheumatism by using your medicine, Vegetine, so she is able to attend to her studies at school. She feels very thankful for your medicine, for she been a great sufferer from rheumatism. I would say to one and all, try the Vegetine for such complaints. A few bottles will cure you.

Yours truly,
DAVID ARNET,

Mr. Arnet is a large real estate owner, a wealthy man, an old resident, and well known in Cincinnati.

Rheumatism is a Disease of the Blood.

The blood in this disease, is found to contain an excess of fibrin. Vegetine acts by converting the blood from its diseased condition to a healthy circulation. One bottle of Vegetine will give relief, but to effect a permanent cure it must be taken regularly, and may take several bottles, especially in cases of long standing.

DAILY NEWS

A FARMER.

Congratulates and Indorses the "News."

Correspondence to the News.

OXFORD, N. C, Jan. 9th.

This is simply as a farmer, to congratulate briefly the editor of the "NEWS" upon the well timed blows he has been striking lately in behalf of the farming interest. It is earnestly hoped that every member of the incoming Legislature has read and digested your article upon roads, fences, manufactories, dogs, bell-punches etc. I am not of those who believe our State can be "immigrated" or legislated into prosperity. But it is evident that our farming interest, now the most lagging of all does need to have removed some of these old stumbling blocks at which you have been hammering. They do not belong to us. And it is only a duty of ours to cut them up and lay aside, labled "relics of the past." Fences, stock—lid you ever, Mr. Editor, in traveling over our State, gliding along in one of our palace coaches twenty or thirty miles an hour, look out and see a farmer in his cart or wagon or buggy or perhaps a carriage, tugging and pulling away down below you not on a turnpike or high dry road bed, but in one of our North Carolina ditches or water-drains—generally known by the sign boards as a "public road." Did you ever look on the other side and see the telegraph wire quivering and tingling with the lightning like messages of the press and commercial world? Did you observe a little farther over that costly old zig-zag fence (whose worm was laid perhaps when that spot was a forest) extending for miles—probably averaging to the mile post a herd of ricky, out-door scalawag cattle and an old razor back sow with a litter of pigs the baif of whose number are runts? Did you ever try in your mind to reconcile and couple up these things together? If so, then you appreciate the situation. These pictures typify very truly the farming as compared to the other interests of the State. And the sad cable-grams of distress that are daily coming to us from England illustrate very fully what becomes of a country when agriculture is rejected or when other interests are permitted to smother it.

You suggest in a recent number that it be made a misdemeanor for any one to keep a sheep-killing dog. Statistics to put it wildly, have done some right hard—misstating on the "worthless dog" question. But you and I entertain the same views in the suggestion. You make, and it may not be amiss for a farmer and sheep raiser to uphold your hands in it, especially when your modesty threatens to overcome you in telling us further of "what you know about farming." However this would be the way I should put it: Let the owner of the dog pay $5 to the owner of the sheep for every one killed or injured. If of improved breed then let it be $10 apiece—upon noncompliance then a misdemeanor, or, with not exceeding 30 days imprisonment or until the money is paid. This would be simply forcing one neighbor to settle with another for an injury done him. The fine must be made as easily collectable as possible. And thus I think the sheep and dog owner both will be safe and happy in their rights. And the politician too can pass over and rest easy from his ever over weaning anxiety about "the party." I only intended to offer my congratulations and add my concurrence to suggestions on the dog question. This I think though of less importance in your list of "leaders," your discussions need no supplement like mine. The intelligent masses of the people are with you. Only keep more issues before the members of the Legislature and am I sure the next will go down the "archives of gravity," not as a political nor a State debt nor a railroad, but as an agricultural Legislature. Speer's Wine for Parties.

This Wine is decidedly the nicest we have ever seen or tasted. It is produced from the Oporto grape raised in this country, and possesses the very highest medicinal virtues and certainly, as an article of coverage, it is not, in our judgment, to be surpassed in color, taste, or any of the qualities which constitute a handsome and agreeable wine. It has become the choice wine for evening parties among the 5th Avenue families of New York. Salesroom 31 Warren street, N. Y., Williams & Haywood agents, Raleigh, N. C.

Not Medicine but Food.

The fall and early winter season is the harvest time of hacking coughs and debilitating forms of Catarrh, just as the later spring is the seed time of malarial fevers. To know a certain cure of the one, and a preventive of the other, is to have within our reach the most inestimable blessing of the period. We do not know of them for these really marvelous properties are combined in Scott's Emulsion of Pure Cod Liver Oil with the Hyp phosphites of Lime and Soda.

There is no form of physical waste and prostrated vitality, that a bountiful use of the Emulsion will not change, to glowing health and full life and vigor and to it is not a disagreeable medicine, but the most delightful kind of food.

Every moment that we live the work of destruction never ceases among what is scientifically called "the tissues" of which our bodies are composed. Every moment, if we are in health, the work of repairing this destructive process goes on with equal pace. When the vial force is great, more vigor is given to the blood and muscular more than the ordinary wear and tear of existence uses up. When the vital force fails from any cause, there ensues a wasting away, which, if not arrested, ends in decay and death. Physicians all declare that when these symptoms of decline set in, the only certain remedy is Cod Liver Oil. But their patients, with almost equal unanimity, say that Cod Liver Oil is "so Nasty" they cannot take it. The only resource left is to obtain SCOTT'S EMULSION OF THE OIL with the HYPOPHOSPHITES OF LIME AND SODA. This is altogether free from disagreeable taste and odor, and is an unequaled tonic for the nerves and brain.

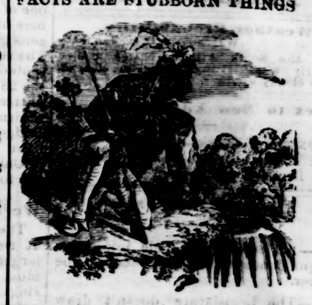
A CERTAIN AND SPEEDY CURE FOR SCROFULA

FACTS ARE STUBBORN THINGS



TRADE MARK TRADE MARK

(Registered.)

A BRIEF HISTORY:

The following is from the Raleigh News, and was a voluntary insertion and not an advertisement:

"Years ago an old Indian left a receipt for curing Scrofula with Mrs Person's father. Mrs. Person lives in Franklinton, or in that section. A child was born to Mrs. Person, and it had the Scrofula. The doctors gave it up to die. She thought of that receipt, that was now old and musty, and hid away in an upstairs drawer. She concluded if the child was bound to die, it wouldn't hurt to follow that receipt. She went out and gathered the herb, got the whiskey, and did as directed to the child. Her child now lives well and hearty. More than this: Only a few months since a South Carolinian, whose name has slipped us, was suffering with some scrofulous affection on the heel. He had been to the Hot Springs in Arkansas, and from there he went to Kittrell Springs. Nothing did him any good. At Kittrell's they told him of Mrs. Person's recipe, and Dr. — wrote to Mrs. Person if she cured that South Carolinian her receipt was worth money. And the South Carolinian sent her word if she cured him he would give her five hundred dollars. She sent him directions what to do, and added if they cured him he could send her twenty-five dollars; she wouldn't ask five hundred. The South Carolinian went home, and shortly afterward sent Mrs. Person a check for twenty-five dollars, and wrote the most grateful letter he knew how. Bless those old Indians. We would like to have one for a near neighbor."

UNEQUALLED AS A BLOOD PURIFIER.

MRS. JOE PERSON:

The medicine I purchased of you last winter proved of lasting benefit to my son, who was troubled with 27 running sores, some of them quite large, and of a scrofulous nature. In less than three weeks after commencing the use of your remedy, he was perfectly restored, and is to-day quite sound and healthy. As a TONIC AND BLOOD PURIFIER IT HAS NO EQUAL. Hoping that you may be spared for many years of usefulness, I remain, Very respectfully,

T. J. STOKES.

AS A TONIC AND ALTERATIV

MOORESVILLE, IREDELL Co., N. C.

Being desirous of adding my testimonials to others, concerning the merits of Mrs Joe Person's Remedy for Scrofula, I take pleasure in saying that as a tonic and alterative I do not think it has an equal. I have fairly tested it, and after trying Vegetine, Sarsaparilla, Vinegar Bitters, and various other remedies, I have no hesitation in pronouncing it far superior to any TONIC I have ever used. When I commenced using Mrs Person's Remedy I was very weak, complection sallow, and now I am WELL.

Respectfully your Friend,

Sept. 26. 1878, MRS. H. T. BROWN.

THREE CHILDREN IN THREE WEEKS.

CASTALIA, N. C.

MRS JOE PERSON:

Dear Madame—Your letter has been received, and on account of being absent from home for a week or two, have not had the opportunity to answer it. I certainly will take great pleasure in doing all that is within my power towards getting you patients for treatment of scrofula. Hardly know how to express my gratitude to you for curing my three little children. They took medicine from my family physician for about two years, with scarcely any relief at all. I tried your remedy, and in less than three weeks they were all perfectly cured, and have never shown any sign of breaking out again. I feel very thankful to you. I can safely say that I believe your remedy to be a certain cure for Scrofula. If I can ever be of any service to you in any way, I want you to be sure and call on me. Yours truly,

WM. H. ARRINGTON.

"It will Cure if Fairly Tested."

It gives me much pleasure to be able to state that I have derived an effectual cure of Scrofula from the use of Mrs. Joe Person's remedy for that disease. I had suffered from Scrofula for more than three years, and had despaired of ever getting well. I was treated during that time by three very eminent physicians, without any good result. I then went to the National Surgical Institute, at Atlanta, Ga., and was treated there more than two months, with no better result than my family physicians met with. After I returned from the Institute I was persuaded to try Mrs. Person's remedy, and I had not used it more than a week before I discovered its curative and healing properties. My sores soon began to heal, and the color of my skin changed as fast as the sores healed. I had not thought of ever getting well again, but my hopes increased, my low spirited ness fled before the remedy, and I am now enjoying splendid health and am in good spirits. The remedy is mild as a purgative, and a strong tonic—it will heal the most stubborn sore in three weeks if taken regularly. It is my opinion that it should be taken some time after the sore is healed, to remove the cause of its effects. It should be taken regularly by all means, for I have sometimes neglected it, from the pressure of business, and in all cases found that the cure already made would commence to retrograde, and for this alone it should be taken regularly until an effectual cure is completed. Nothing should prevent regularity in the use of the remedy and it should be taken at the proper time. I would recommend to all who are suffering from Scrofula to try it. It will surely cure you if you give it a fair test. I speak from experience, and not from hearsay. I am a grateful recipient of a cure from the use of it and I am under many and lasting obligations to Mrs. Person for the great relief I have obtained from its use. Sufferers, try it and be cured, is my advice.

I am, respectfully,

JAMES A. MORRIS.

KITTRELLS, N. C.

My receipt for the cure of Scrofula has been tried by me with the most unprecedented success for the last twelve years, and I have no hesitation in recommending it as a sovereign cure for that disease and as a general Tonic and Blood Purifier. It is everywhere giving perfect satisfaction, while my experience with it is too limited for me to specially recommend it for other diseases, I believe it will ultimately prove to be of benefit in all cases arising from impurity of the blood and probably for other diseases.

A CASE OF CANCER.

FAYETTEVILLE, N. C., Aug. 12, 1878.

MRS. JOE PERSON:

Dear Madam—I have been using your Remedy for Scrofula over five months as an experiment for cancer. The cancer is of long standing, the doctors have been treating it, more or less, for twelve years. It has taken off my upper lip and a good part of my nose. When I began to use your Remedy it was growing rapidly worse, but the medicine seemed to check it very soon, and it has not made much progress since, except about two months ago, the medicine gave out, and I was without several days. It then seemed to start anew, and grew worse very fast until I had taken the medicine about a week, since then it has not changed much. I think if I could have had the medicine soon enough, it would have cured me.

For more than a year before using your remedy, I was troubled very much with a disease of the heart an irregularity in its action. It would miss every third beat for hours, then at other times it would increase in its action, and run up to 200 beats per minute. Since using your medicine I am almost entirely relieved of this, rarely feel it, and then not enough to speak of it. I would recommend any one suffering with heart disease to try your medicine. As a Tonic and Alterative, I do not think it has any superior. I have been using all the most powerful alteratives known to the medical profession for the last 12 years and I know of none superior to this. I think your medicine is destined to be a great blessing to the afflicted. Let every one that needs a Tonic or an Alterative give it a trial, and I do not think they will be disappointed.

Very truly and Respectfully,

JOHN SUIE, Box 141, Fayetteville, N. C.

A plan is on foot to form a new county, out of portions of Chatham, Harnett and Wake, and the citizens will hold a meeting at New Hill to take steps in the matter, on the 25th inst.

Col. Carter's Funeral.

The remains of the late Col. D. M. Carter, came in on the R. & G. R. R. last evening, accompanied by the relatives, and were met at Millbrook by the committee of the bar heretofore named. The remains were carried to Christ church, where they will rest until 3½ o'clock this afternoon, which is the hour fixed for the funeral services.

St. John's Guild Hospital.

Next Monday evening, 13th inst., Rt. Rev. Bishop Atkinson, will deliver a lecture at Tucker Hall for the benefit of St. John's Guild Hospital. The fact has before been mentioned, but it is specially desired to bring it to public attention, that so able and eloquent a divine, and worthy a cause, may have proper prominence with the good citizens of Raleigh.

Personals.

Mr. Geo G Lofdale, of Wilmington, Delaware, is in the city.

Among officers of the State Guard who arrived yesterday may be mentioned, Col R D Hancock, W E Patterson and N B Agostine, of Newbern; R H Lewis and Lt Henry Tull, of Kinston; Maj J G Branch, of Polkton; Mayor A B Gorrell, of Winston.

More will not now be said, and theatre-goers are left in this state of delightful uncertainty. It will soon however, be dispelled, by the announcemen in regular form of the coming of the ster.

Gallant Officers.

The State certainly has reason to feel a in pride the officers of her troops, for they are certainly as fine looking a body of gentlemen as can be gathered together. As to esprit du corps there can be but one opinion, for they are devoted to the State and her service. The meeting yesterday was pleasantly conducted and a degree of interest was shown which proves that the troops will continue to be cared for by their officers in the future as in the past. Now U. S. troops are no more seen and North Carolina has her own army of citizens soldiering.

A STOCK LAW.

"Give the Poor Man's Stock a Chance."

Correspondence of the News.

GREENSBORO, N. C., Jan. 9.

Believing you to be the friend of the oppressed, pardon an appeal to you for protection. There are petitions in circulation all over this county, and many of our best citizens are signing them, praying the Legislature to pass a Stock law. Now if our General Assembly should hear their prayer and change the present law which compels the land-holder to build a fence around his cultivated fields, a least five feet high, won't that be a great outrage upon the civil liberties of the poor man, and rob him of all of his rights? Why, sir, under the present law, if a poor man's stock needs food they have the whole outside world to graze upon, and if the supply is short and if the fences around the present lands are not fully 5 feet high? they can, God giving them strength, get inside by fair or foul means, and the proprietor dare not question their rights there.

Sirs, there is not a lawfully fenced farm in our county; and these petitioners are anxious to have us all forced to keep up our own stocks and support it ourselves, while it would be so easy for it, under the present system, to obtain a fair living off of other people's land. No one will deny that it would be far cheaper for the property owner to fence in his own stock but who cares for his interest? God gave him all that he has, and I am of opinion that the acorn and tender buds were intended for the poor man's stock, even if they do grow upon some one else's land. Sirs, I am opposed to the abridgement of any of our rights. Why, sirs, the next thing you know they will want to take our franchise away from us and the negro. I claim all that is not under a lawful fence, 5 feet high, and strong and tight too, belongs to the starved stock of the poor man. It is not stealing for our stock to take this our present law tells them to take it and enter any and all grain or grass fields, and help themselves, when the fence is less than 5 feet high, and if the owner injures the stock he is indictable. We must maintain our rights, and I call upon all newspaper men to speak out and tell this Legislature what is best for us and themselves. I am astonished that not a single man upon my side of this question has had the grit to write a letter defending the present stock law, when every day we see strong appeals to have the law changed, and the poor laborer cut off from the remunerative occupation of spliting rails. Why, sirs, if the law is changed there are enough rails now split to last our life time. What would become of the laborer? D.
